RULE 2. APPLICATION OF TARIFF

- (N) ***The obligations of the carrier under the Air Passenger Protection Regulations (APPR) form part of the tariff and supersede any incompatible or inconsistent term and condition of carriage set out in the tariff to the extent of such inconsistency or incompatibility, but do not relieve the carrier from applying terms and conditions of carriage that are more favorable to the passenger than the obligations set out in the APPR.***

NOTE: From time to time, the Carrier will enter into code-sharing agreements whereby it will market, as its own, flights operated by another air carrier. In the case of code-share, the rules applicable to a passenger's transportation, and that of their baggage, are those of the carrier identified on the passenger's ticket and not of the carrier operating the flight. Only flights operated in the TS800 – TS899 flight number series fall under this category.

- (a) This tariff contains the rules, regulations, terms and conditions of carriage upon the basis of which the Carrier supplies or agrees to supply scheduled air services between points in Canada and points outside of Canada (except the United States) for which the Carrier is authorized to operate such services to the same extent as if the contents of this tariff were included in the terms and conditions of:
- i) Any air waybill or ticket; and,
 - ii) Any scheduled contract between the Carrier and a third party.
- (b) The contents of this tariff form part of any contract of carriage between the Carrier and any third party and in the event of any conflict between this tariff and the scheduled contract, this tariff shall prevail.
- (c) All obligations incurred by the Carrier under any ticket, air waybill or scheduled contract are subject to compliance by the parties thereto with applicable laws and regulations and are further subject to such affirmative acts, findings, clearances and approvals as may be required on the part of any government or governmental agency for the lawful discharge thereof; and the transportation herein described shall be performed according to and subject to any and all rules and regulations of the CTA and any other governmental agency having jurisdiction. The Carrier shall not be held answerable for damage or otherwise subject to penalties or forfeitures under any ticket, air waybill or scheduled contract, for delay or omissions attributable to any law, regulation or government or governmental agency as aforesaid, nor in the event that any flight cannot be flown as a result of an official act of the CTA, including the denial or cancellation of any necessary authority to the Carrier, provided that any such denial, cancellation, delay or omission did not result from any negligence or default on the part of the Carrier.
- (d) Carriage is subject to the rules, fares and charges in effect on the date on which such carriage commences at the point of origin designated on the tickets. References to pages, rules, items and notes are continuous and include revisions, supplements thereto and reissues thereof.
- (e) The Carrier will be responsible for the furnishing of transportation only over its own lines. When any carrier undertakes to issue a ticket, baggage check, or make any other arrangements for transportation over the lines of any other carrier (whether or not such transportation is part of a through service), such carrier will act only as agent for such other carrier and will assume no responsibility for the acts or omissions of such other carrier.
- (f) No agent, employee or representative of the Carrier has authority to alter, modify or waive any provisions of the contract of carriage or of this tariff unless authorized in writing by an officer of the Carrier.

RULE 3. CURRENCY

All monetary amounts published in this tariff are stated in the lawful currency of Canada unless otherwise specified.

RULE 4. CAPACITY LIMITATIONS

The Carrier shall limit the number of passengers carried on any one flight at fares governed by rules making reference hereto and such fares will not necessarily be available on all flights operated by the Carrier. The number of seats which the Carrier shall make available on a given flight will be determined by the Carrier's best judgment as to the anticipated total passenger load on each flight.

RULE 5. CONDITIONS OF CARRIAGE**5.1 Substitution of Aircraft or Air Carrier:**

The Carrier may without notice, and subject to any necessary approval of the CTA or government authority, substitute an aircraft of the same or any other appropriate type for the aircraft agreed upon for a flight. The Carrier may also substitute another Air Carrier to operate flights on its behalf. The Carrier will inform passengers of the identity of the operating Air Carrier.

5.2 Responsibility for schedules and operations (Subject to Rule 21):

- (C) a) The Carrier will endeavor to transport passengers and baggage with reasonable dispatch. Times shown in schedules, scheduled contracts, tickets, air waybills or elsewhere are not guaranteed. Flight schedules are subject to change. Such changes may include the addition, the omission or the alteration of one or more stops to the original itinerary, as well as the amendment of original flight departure and arrival times. The Carrier will make reasonable efforts to inform passengers of delays and schedule changes and, to the extent possible, the reason for the delay or change.
- b) Where a routing modification subsequent to the purchase of travel results in a change from a direct service to a connecting service, the Carrier will, upon request by the passenger, provide a full refund of the unused portion of the fare paid.
- c) Without limiting the generality of the foregoing, the Carrier cannot guarantee that a passenger's baggage will be carried on the flight if sufficient space is not available as determined by the Carrier. Notwithstanding, if the baggage does not arrive on the same flight, the Carrier will take steps to deliver the baggage to the passenger's residence/hotel as soon as possible. The Carrier will take steps to inform the passenger on the status of delivery and will provide the passenger with an overnight kit, as required.
- d) If a flight is delayed for/advanced by more than four (4) hours in comparison to the originally scheduled departure time, the Carrier will provide the passenger with a meal voucher. If the flight is delayed for/advanced by more than eight (8) hours and requires an overnight stay, the Carrier will pay for an overnight hotel stay and airport transfers for passengers who did not originate their travel at that airport.
- e) (C)If the delay occurs while onboard, the Carrier will offer drinks and snacks as available, where it is safe, practical and timely to do so. The Carrier shall ensure the lavatories remain stocked and in working order, and that there is access to medical assistance if required. The aircraft commander will ensure that passengers are aware and kept informed of the status of the delay at least every 30 minutes. If the delay exceeds 90 minutes while at the gate, or 4 hours in the event of a Tarmac delay, the Carrier must allow the passengers to deplane unless:
- i. (N)the Carrier determines there is a safety-related, or security-related reason (e.g. weather, directive from a government agency or authority) why the aircraft cannot leave its position on the tarmac to deplane passengers; or,
 - ii. (N)air traffic control advises the aircraft commander that returning to the gate, or another disembarkation point elsewhere in order to deplane the passengers would significantly disrupt airport operations.
- f) (N)In the event of an impossibility to deplane, the Carrier shall continue to respect its undertakings outlined under sub-section e) above for as long as the delay lasts. In the event of deplaning, the Carrier shall respect its undertakings outlined under Rule 21 hereunder. Including, but not limited to, undertakings related to rebooking and refunds.

- (C) g) In the event of an involuntary re-routing of a flight, the Carrier will ensure that the passenger is routed or transported to his/her ultimate destination, as per the contract of carriage. If no reasonable transportation can be arranged, the Carrier will offer the passenger a cash payment or travel credit. When determining the amount of the offered cash payment or travel credit, the Carrier will consider all circumstances of the case, including any expenses which the passenger, acting reasonably, may have incurred as a result of a Schedule Irregularity, as for example, costs incurred for accommodation, meals or additional transportation. The Carrier will set the amount of compensation offered with a view to reimbursing the passenger for all such reasonable expenses. The option of choosing between a cash payment or travel credit will be at the passenger's discretion.
- (C) h) The rights of a passenger against the Carrier in the event of a Schedule Irregularity are, in most cases of international carriage, governed by an international convention known as the Montreal Convention, 1999. Article 19 of that Convention provides that an air carrier is liable for damage caused by delay in the carriage of passengers and goods unless it proves that it did everything it could be reasonably expected to do to avoid the damage. There are some exceptional cases of international carriage in which the rights of the passengers are not governed by an international convention. In such cases only, a court of competent jurisdiction can determine which system of laws must be consulted to determine what those rights are.

5.3 Force Majeure

(N)5.3.1 Notwithstanding any other terms or condition contained herein, the Carrier shall not be liable for failure in the performance of its obligations due to Force Majeure.

(X)

.(X)

-
- (C)5.3.2 In the event of a Force Majeure, the Carrier may without notice cancel, terminate, divert, postpone or delay any flight whether before departure or enroute. If the flight, having commenced is terminated, the Carrier shall refund the unused portion of the flight and shall use its best efforts to provide alternate transportation to the destination for the passengers and baggage at the expense and risk of the passenger or shipper.

5.4 Compliance by Scheduled User, passenger or Shipper

The Scheduled User, all passengers and all shippers shall fully comply with all of the terms and conditions, rules and regulations set out in this tariff. Failing such compliance, the Carrier shall be entitled to cancel any scheduled contract or ticket. Refunds will be provided where applicable.

5.5 Space for Carrier's use

Any unused capacity in the aircraft not being utilized by any scheduled user, passengers or shipper may be used by the Carrier.

5.6 Flight Operations

5.6.1 Selection of Flight Route

The Carrier shall have the right to select the route for the flight, provided, however, the shortest route which in the opinion of the Carrier is safe, feasible and duly authorized by any competent authority having jurisdiction, shall be followed.

5.6.2 Pilot's Discretion

The aircraft at all times shall be under the exclusive control of the pilot-in-command, whose orders shall be strictly complied with by any scheduled user and all passengers and shippers. The pilot of the aircraft shall have complete discretion concerning the load carried and its distribution and as to whether a flight should be undertaken or diverted and as to where and when and under what circumstances landing should be made and all such decisions of the pilot shall be accepted and agreed to by any scheduled user, the passengers and the shippers.

RULE 6. CARRIAGE OF PASSENGERS**6.1 Refusal to transport – Removal of passengers**

The Carrier may refuse to carry or cancel the reserved space of, or may remove enroute from any flight any passenger when:

- a) Such action is necessary for reasons of safety.
- b) Such action is necessary to prevent violation of any applicable laws, regulations or orders of any state or country to be flown from, into or over.
- c) The conduct, status, age, psychological and/or physical condition of the passenger is such as to require, in the reasonable opinion of the Carrier's personnel, special assistance or cause discomfort or be objectionable to other passengers, or involve any hazard or risk to such passenger, to any other persons or property, or to the flight. Subject to the provisions of Rule 6.4, the present will not apply to passengers with physical disabilities.
- d) The passenger fails to observe the instructions of the Carrier's personnel.
- e) The passenger refuses, upon request, to provide positive identification, or is not in possession of passports, visas or other required travel documentation.
- f) The passenger refuses to permit examination and inspection of his person, baggage or goods. The Carrier shall not be liable for any damage to any property resulting from exposure to electro-magnetic x-ray or fluoroscopic metal or other detecting devices as a result of any search.
- g) (C) A passenger under the age of eight (8) years is not accompanied during the carriage by a passenger of at least sixteen (16) years of age or if a passenger having attained eight (8) years of age, travelling alone, is not accompanied to the airport at the time of departure by an adult who shall remain at the airport until after flight departure; or
 - i) does not hold confirmed reservations through to the destination; or
 - ii) has not made advance arrangements for such carriage with the Carrier; or
 - iii) has not had an unaccompanied minor form satisfactorily completed for such passenger; or
 - iv) if satisfactory assurance is not given to the Carrier by such adult that such passenger will be met at the airport of destination by another adult. The Carrier may require satisfactory evidence establishing the child's age at the date of commencement of carriage.
- h) The passenger fails to comply with all laws, regulations, orders, demands or travel requirements of countries to be flown from, into, or over, and with all rules, regulations and instructions of the Carrier. The Carrier shall not be liable for any aid or information given by any agent or employee of the Carrier to any passenger in connection with obtaining necessary documents or complying with laws, regulations, orders, demands, requirements or instructions, whether given orally or in writing, or otherwise, or for the consequences to any passenger resulting from his failure to obtain such documents or to comply with such laws, regulations, orders, demands, requirements or instructions.
- i) (N) The passenger is showing symptoms of a contagious illness and the Carrier determines, in good faith and using its reasonable discretion, that such passenger's condition might endanger his or her health or the health of other passengers or of crew

members (including, in cases of pregnant passengers, unborn children). Under such circumstances, in order to avoid being denied boarding because of a contagious illness, any passenger showing symptoms of a contagious illness must be able to provide, upon request, a medical certificate dated as of the day of departure or as the day before attesting that the passenger in question is not contagious and that he or she can fly without endangering the health of other passengers or of crew members. The Carrier may request the assistance of ground medical personnel or *MedLink* medical support in order to make its decision.

6.2 Passenger's conduct – Prohibited conduct & sanctions

a) Prohibited conduct

Without limiting the generality of the foregoing, the following constitutes prohibited conduct where it may be necessary, in the reasonable discretion of the Carrier, to take action to ensure the physical comfort or safety of the person, other passengers (in the future and present) and/or the Carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty aboard the aircraft; or the safe and adequate operation of the flight:

- i) the person, in the reasonable judgment of a responsible Carrier employee, is under the influence of intoxicating liquors or drugs (except a medical patient under proper care);
- ii) the person's conduct, or condition is or has been known to be abusive, offensive, threatening, intimidating, violent, or otherwise disorderly, and in the reasonable judgment of a responsible Carrier employee there is a possibility that such passenger would cause disruption or serious impairment to the physical comfort or safety of other passengers or Carrier's employees, interfere with a crew member in the performance of his duties aboard Carrier's aircraft, or otherwise jeopardize safe and adequate flight operations;
- iii) the person's conduct involves any unusual hazard or risk to self or to other persons (including, in cases of pregnant passengers, unborn children) or to property;
- iv) the person fails to observe the instructions of the Carrier and its employees, including instructions to cease prohibited conduct;
- v) the person is unable/unwilling to sit in the seat with the seatbelt fastened;
- vi) the person smokes or attempts to smoke in the aircraft;
- vii) the person uses or continues to use a cellular telephone, a laptop computer or an electronic device on board the aircraft after being advised to cease such use by a member of the crew;

b) Sanctions

Where, in the exercise of its reasonable discretion, the Carrier decides that the passenger has engaged in prohibited conduct described above, the Carrier may impose any combination of the following sanctions:

- i. removal of the passenger at any point;
- ii. probation. The Carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the Carrier to provide transport to said passenger. Such probationary conditions may be imposed for any length of time, which, in the exercise of the Carrier's reasonable discretion, is necessary to ensure the passenger's continued compliance in continued avoidance of prohibited conduct, and;
- iii. refuse to transport the passenger. The length of such refusals to transport may range from a one-time to an indefinite up to lifetime ban. The length of the refusal period will be in the Carrier's reasonable discretion, and will be for a period commensurate with the nature of the prohibited conduct and until the Carrier is satisfied that the passenger no longer constitutes a threat to the safety of the other passengers, crew or the aircraft or to the comfort of the other passengers or crew; the unhindered performance of the crew members in their duty aboard the aircraft; or the safe and adequate operation of the flight. The following conduct will automatically result in an indefinite up to lifetime ban:

- the person continues to interfere with the performance of a crew member's duties notwithstanding verbal warnings by the crew to stop such behavior;
 - the person injures or subjects to a credible threat of injury a crew member or other passenger;
 - the person has a conduct that requires an unscheduled landing and/or the use of restraints such as ties or handcuffs;
- (C) • the person repeats a prohibited conduct after receiving a notice of probation as mentioned in (ii) above;

- iv. These remedies are without prejudice to the Carrier's other rights and recourses, namely to seek recovery of any direct or indirect damage that may result or resulting from the prohibited conduct or as otherwise provided in the Carrier's tariffs, or the filing of criminal or statutory charges.

- (N) v. Notwithstanding the above, a person who is refused carriage for an indefinite period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the Carrier, in writing, the reasons why he/she no longer poses a threat

to the safety and/or comfort of passengers and/or crew, or to the safety of the aircraft. Such petition may be sent to the address provided in the refusal to carry notice or the notice of probation. The Carrier will respond to the petitioner within a reasonable period of time and will therein provide an assessment as to the need or not to prolong the ban or to maintain the probation period.

6.3 Liability for refusal to transport and for failure to operate on schedule

(C) The Carrier is not liable for its refusal to transport any passenger in accordance with Rule 6. Subject to Rules 5.3.1 and 21, where a passenger incurs a Schedule Irregularity involving a flight operated by the Carrier, Carrier will either, at its option:

- a) (C)transport the passenger without stopover on its next flight on which space is available and in the same class of service as his original flight; or
 - b) (C)arrange transportation on the services of other carriers or combination of carriers with whom the Carrier has interline traffic agreements for such transportation. In such cases, the passenger will be transported without stopover and at no additional costs to himself, in the same class of service as applied to his original outbound flight on the Carrier or
 - c) In the event that space on the Carrier is only available in a lower class of service than was reserved by the passenger for the original flight, or any one or more of the original flights, as the case may be, the Carrier will, at the option of the passenger,
 - i) provide space to the passenger at the lower class of service and refund the difference in fares, or
 - ii) provide a full refund of the unused portion of the fare paid by the passenger, or
- (C) d) If the carrier is unable to provide reasonable alternative transportation on its services or on the services of other carrier(s) within a 24 hours delay, then it will refund the unused ticket or portions thereof.

Passengers with a disability will not be permitted to occupy seats in designated emergency exit rows, in over-wing emergency exit rows, where the central stair may have to be used as an emergency exit, or on the upper deck of the aircraft.

6.4.5 Acceptance of mobility aids

In addition to the regular baggage allowance, the Carrier will accept free of charge the following items which will be stowed in the baggage compartment, if their size/height/weight complies with the maximum dimensions allowed per aircraft type (published on www.airtransat.com) :

Some assistance animals may not have been trained by a recognized professional service animal institution because of the type of tasks they perform for persons with disabilities or in the case of emotional support animals. The carrier may require more information about the requirements and will ask the passenger to explain how the animal provides disability-related assistance, including additional information or medical documentation, information about the animal's training and behaviour in public settings, provide proof of any training or assurances about the animal's behaviour.

Service animals will not be carried unless proper permits are obtained for entry into the countries of transit/final destination, and such permits are presented prior to commencement of travel. Should injury to or death of a service animal result from the fault or negligence of the Carrier, the Carrier will undertake to provide expeditiously, and at its own expense, for medical care, and if necessary, replacement of the animal.

Restrictions exist of the acceptance of service animals into the UK. The Carrier has permission for entry into Manchester, London-Gatwick and London-Heathrow. Passengers must meet all entry requirements in advance, as required by DEFRA.

RULE 8. LIMITATION OF LIABILITY - PASSENGERS

For travel governed by the Montreal Convention

For the purpose of international carriage governed by the Montreal Convention, the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.

For travel governed by the Warsaw Convention

Carriage hereunder is subject to the rules and limitations relating to liability established by the Warsaw Convention unless such carriage is not “international carriage”, as defined by the Warsaw Convention. However, the carrier with respect to all international transportation, as defined in the said Convention, performed by it, agrees that the limit of liability for each passenger for death or wounding or other personal injury shall be limited to proven damages not to exceed the sum of SDR 100,000 exclusive of legal fees and costs.

For travel governed by the Montreal and Warsaw Conventions

Nothing herein shall be deemed to affect the rights and liabilities of the carrier with regard to any person who has willfully caused damage which resulted in death, wounding, or other bodily injury of a passenger.

RULE 9. LIMITATION OF LIABILITY FOR BAGGAGE OR CARGO AND EXCESS VALUATION CHARGES*For travel governed by the Montreal Convention*

For the purpose of international carriage governed by the Montreal Convention, the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.

(C) In the carriage of baggage, the liability of the carrier in the case of destruction, loss, damage or delay is limited to 1 288 Special Drawing Rights for each passenger (approximately \$1783Usd or \$2319Cad varies depending on rate of the day) unless the passenger has made, at the time when the checked baggage was handed over to the carrier, a special declaration of interest in delivery at destination and has paid a supplementary sum if the case so requires. In that case, the carrier will be liable to pay a sum not exceeding the declared sum, unless it proves that the sum is greater than the passenger's actual interest in delivery at destination.

For travel governed by the Warsaw Convention

Carrier liability, for the loss of, damage to, or delay in the delivery of any personal property, including checked baggage and goods, is limited to the sum of 250 francs per kilogram, unless the passenger or the charterer, at the time of presenting such baggage or goods for transportation, has declared a higher value and paid an additional charge in accordance with the provisions of this Rule. As regards objects of which the passenger takes charge himself, the liability of the Carrier is limited to 5000 francs per passenger.

In the case of loss, damage or delay of part of property carried as checked baggage, the weight to be taken into consideration in determining the amount to which the Carrier's liability is limited shall be only the total weight of the property lost, damaged or delayed. Nevertheless, when the loss, damage or delay of a part of the property affects the value of other property covered by the same baggage check, the total weight of the property covered by the baggage check shall be taken into consideration in determining the limit of liability.

The monetary unit referred to in this Rule shall be deemed to refer to the gold franc as referenced in the *Carriage by Air Act, R.S. c. C-26*. For the purpose of settlement of claims and in the event of an action against the Carrier, any sum in francs shall be converted into Canadian dollars by:

- a) converting francs into Special Drawing Rights at the rate of one Special Drawing Right for 15.075 francs; and
- b) converting Special Drawing Rights into Canadian dollars at the rate established by the International Monetary Fund.

The rate of exchange for converting Special Drawing Rights into Canadian dollars shall be the rate prevailing on the date on which the amount of any damage to be paid by the Carrier is ascertained by a court or, in the event a settlement is agreed between the Carrier and claimant, on the date settlement is agreed.

NOTE: At the time of filing of this tariff provision, 250 francs convert approximately to CAD \$33.00 and 5000 francs convert approximately to CAD \$660.00. These converted values are provided for general reference only. The Carrier's liability will be calculated for each claim individually, based on the formula set out in this Rule.

(C)For late or non-delivered baggage, the Carrier's goodwill policy consists of 50CDN per baggage, per day, for passengers away from home, up to a maximum of 350CDN per baggage.

Notwithstanding the normal carrier liability, as contained in this tariff, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise.

(C) *For travel governed by the Montreal and Warsaw Conventions*

If the passenger or charterer elects to declare a higher value, an additional charge shall be payable and the Carrier's liability will not exceed the higher value declared. The additional charge will be calculated as follows:

- a) the amount of the Carrier's liability calculated in accordance with the parts of this Rule set out above shall be referred to as "basic Carrier liability";
- b) no charge shall be payable on that part of the declared value which does not exceed basic Carrier liability;
- c) for that part of the declared value which does not exceed basic Carrier liability, a charge shall be payable at the rate of CAD \$0.50 for each CAD \$100.00 or fraction thereof.

Whether the passenger or consignor declares higher value or not, in no case will the Carrier's liability exceed the actual loss suffered by the passenger or consignor. All claims are subject to proof of amount of loss.

(R) In the case of damage or partial loss, the person entitled to delivery must complain to the Carrier forthwith after discovery of the damage or partial loss and, at the latest, within seven days from the date of receipt of the baggage. In the case of delay, the complaint must be made at the latest within 21 days from the date on which the baggage has been placed at his disposal. In the case of loss, the complaint must be made at the latest within 30 days from the date the baggage should have been delivered. Every complaint, whether for loss, partial loss, damage or delay, must be made in writing and must be dispatched within the times aforesaid. Failing complaint within the times aforesaid, no action may be brought against the Carrier. Furthermore, in the event of delay in delivery or loss of baggage, the claimant must notify the Carrier's airport personnel in writing (through the completion of a Property Irregularity Report) as soon as the failure to deliver checked baggage at the airport of destination is ascertained. Failure to do so will result in denied compensation in the event the baggage in question is declared lost after a 30-day search.

SECTION II – TRAVEL DOCUMENTS**RULE 10. TRAVEL DOCUMENTS****10.1 Tickets**

- a) No person shall be entitled to carriage except upon presentation of a valid ticket.
- b) Tickets are not transferable and the Carrier shall not be required to honour any ticket or provide any transportation where such ticket is presented by someone other than the person entitled to be transported thereunder.

10.2 Validity of ticket

Tickets are valid for carriage only on the flights and dates shown thereon and are not refundable by the Carrier to the passenger, except as provided by applicable fare conditions.

10.3 Air Waybills

Cargo shall be received onboard any flight only upon the Carrier's form of air waybill having been issued by the Carrier for all cargo delivered to the Carrier for transportation on the flight. The Carrier shall not be obliged to honour any air waybill or to undertake any carriage pursuant thereto unless the contract price for that flight has been paid to the Carrier.

10.4 - Baggage Checks

Carrier shall receive baggage onboard any flight only upon a baggage check for the flight having been presented for carriage and upon a baggage check for the flight having been affixed thereto. Baggage for which a baggage check has been issued by the Carrier shall be delivered to the bearer of the baggage check provided, however, that the Carrier shall not be liable for any loss, damage or expenses arising out of or in connection with its failure to ascertain that the person claiming the baggage is the bearer of the baggage check applicable thereto. If a person claiming the baggage is unable to present the baggage check, the Carrier shall deliver the baggage if such person establishes that person's right thereto to the Carrier's satisfaction and the Carrier may require such person to furnish adequate security to indemnify the Carrier for any loss, damage or expense which may be incurred by the Carrier as a result of such delivery. The Carrier shall not be bound to check baggage beyond the destination of the flight.

10.5 Passports and Visas – Responsibility of Passenger

- a) Each passenger desiring transportation across any international boundary shall be responsible for obtaining all necessary travel documents and for complying with the laws of each country from, through or to which he desires transportation, and unless applicable laws provide otherwise, shall indemnify the Carrier for any loss, damage, or expense suffered or incurred by the Carrier by reason of such passenger's failure to do so. The Carrier shall not be liable for any aid or information given by any agent or employee of the Carrier to any passenger in connection with obtaining such documents or complying with such laws, whether given orally or in writing or otherwise; or for the consequences to any passenger resulting from his failure to obtain such documents or to comply with such laws.
- b) The Carrier may refuse to carry any passenger who does not possess required travel documentation. In the event that an order is issued by a competent authority for the deportation or rejection of any passenger on any flight, the passenger shall indemnify and hold harmless the Carrier from and against any and all costs, charges and expenses, including transportation expenses or fines imposed or incurred as a result of such an order. Any information given by the Carrier to a scheduled user, passenger or shipper relating to immigration, customs or health requirements shall be given without any representation as to its accuracy and the Carrier shall not be liable for any damages or inconvenience suffered by a scheduled user or any passenger and/or shipper as a result of its or their reliance thereon.

Vienna (VIE)	unrestricted	Passenger must transit on first available connecting flight.

- (C) TWOV will not be available for passengers wishing to transit without visas via the following airports: Malaga (AGP), Barcelona (BCN), Basel (BSL), Bordeaux (BOD), Dublin (DUB), Faro (FAO), Lisbon (LIS), Istanbul (IST), Lyon (LYS), Nantes (NTE), Oporto (OPO), Ponte Delgada (PDL), Terceira (TER), Toulouse (TLS) and Nice (NCE).

The fare applicable will be the fare that would have been applicable had the original ticket designated the revised destination on the new ticket. Any difference between the fare so applicable and the fare paid by the passenger will be collected from or refunded to the passenger as the case may be. The Carrier will apply to the payment of such fares any funds paid by the passenger to the Carrier for unused carriage, or any funds of the passenger in possession of the Carrier. The fare collected for carriage to the point of refusal or deportation will not be refunded by the Carrier unless the law of such country requires that such fare be refunded.

SECTION III – RESERVATIONS**RULE 11. CONFIRMATION OF RESERVED SPACE AND FLIGHT SCHEDULES**

- a) A reservation of space on a given flight is valid when the availability and allocation of such space is confirmed by the Carrier to a person subject to payment or other satisfactory credit arrangements. A passenger with a valid paper ticket reflecting reservations for a specific flight and date on the Carrier is considered confirmed, unless the reservation was cancelled due to one of the reasons indicated in Rule 12. The Carrier does not guarantee to provide any particular seat on the aircraft.
- b) It is the responsibility of the passenger to re-confirm flight schedules at least 24 hours and not more than 72 hours prior to originally scheduled departure time. The Carrier shall not be liable for damages or refund for failure to re-confirm which leads to a missed flight.
- (C) c) Seat selection and applicable fees
A passenger holding a confirmed reservation may pre-select a seating assignment, where and when available, for the reserved flights. Such pre-selected seating assignment is not guaranteed and will be subject to cancellation without refund if the passenger fails to check-in at least 75 minutes prior to scheduled departure time. The Carrier will make reasonable efforts to ensure that parents/guardians travelling with children under 14 years of age are seated together. In order to accommodate parents/guardians travelling with children under 14 years of age that check-in late or do not use the Carrier's advance seat selection service per the present Rule, the following steps will be taken by the Carrier on a complimentary basis: the Carrier will maintain small groups or blocks of seats for their seating assignments subject to availability. In cases where this is not possible, the cabin crew chief of the flight in question may be asked to assist by ground personnel by asking other seat-assigned passengers to voluntarily change seats in order to accommodate parents/guardians travelling with children under 14 years of age once boarding is complete. Where parents/guardians choose to reserve their seats in advance per the present Rule, their accompanying children under 12 years of age who are registered free of charge in the Carrier's Kids Club program will be provided guaranteed contiguous seat assignments on a complimentary basis.
- (N) The Carrier must assign, at no additional charge, the seats as follows: (a) in the case of a child who is four years of age or younger, a seat that is adjacent to their parent, guardian or tutor's seat; (b) in the case of a child who is 5 to 11 years of age, a seat that is in the same row as their parent, guardian or tutor's seat, and that is separated from that parent, guardian or tutor's seat by no more than one seat; and (c) in the case of a child who is 12 or 13 years of age, a seat that is in a row that is separated from the row of their parent, guardian or tutor's seat by no more than one row.

(C)	Seat Selection 1-way	Option Plus 1-way
Standard Seats	\$10.00 - \$35.00	\$54.50 - 79.50
Two-by-Two seats	\$10.00 - \$50.00	\$69.50 - \$94.50
Seats with more Legroom	\$25.00 - \$95.00	\$79.50 - \$139.50
Front of Cabin Seats	\$10.00 - \$50.00	\$69.50 - \$94.50

The above fees are in Canadian dollars, are non-refundable prior to departure and will be waived for passengers who advise the Carrier at booking that the requested seat is needed to accommodate a physical disability. In the event that the pre-selected seating assignment is not available at check-in, the Carrier will undertake to make alternate seat assignment arrangements or will provide a refund of the seat reservation fee paid for the flight segment involved upon request by the passenger.

(C) RULE 12. CANCELLATION OF RESERVATIONS (Subject to Rule 21)

All reservations are subject to cancellation without notice:

- a) If the passenger has not purchased a validated ticket indicating confirmed seat(s) at least 60 minutes prior to scheduled departure of the flight, or earlier if a special time limit is required.
- b) If the passenger fails to fulfill the requirements of the fare type of that reservation.
- c) If the passenger does not present himself at check-in at least 60 minutes prior to scheduled departure time or at the boarding gate at least 30 minutes prior to departure time.
- d) If the passenger fails to occupy a seat reserved (for example: a no-show).

If the Carrier refuses to transport the passenger for any of the reasons stated above, even if a reservation was confirmed, the reservation may not be accepted for the flight specified. Subject to applicable fare rules and conditions, no refund will be due. Cancellation will apply to all segments in the itinerary.

b) Currency

All fares and charges are stated in the currency of the country from which the passenger will initiate travel.

c) Fare Changes

The Carrier may change its fares from time to time at its sole discretion. Notwithstanding, the difference in fares resulting from an increase (other than an approved surcharge) which took effect further to the date of ticket issuance shall not be due or subject to any subsequent collection by the Carrier.

d) Connecting Flights

When an area is served by more than one airport and a passenger arrives at one airport and departs from another airport, transportation between those airports must be arranged by and at the expense of the passenger.

e) Stopover

i) A stopover means a deliberate interruption of a journey by the passenger, agreed to in advance by the Carrier, at a point between the place of departure and the place of destination.

ii) In no event will a stopover occur when the passenger departs from the intermediate city on a flight scheduled to depart within 4 hours after the passenger's arrival.

f) Routing

A fare applies only to:

i) Transportation via the routing specified by the Carrier in reference to that fare. Any other routing may subject the passenger to an additional charge.

ii) The infant must be properly secured in an infant restraint device which was manufactured on or after January 1, 1981 and which displays inspection sticker CMVSS-213 if made in Canada or is certified as conforming to all applicable U.S. Federal Motor Vehicle Safety Standards or for use onboard aircraft. Also accepted: AmSafe C.A.R.E.S. child restraint system for children between 1 and 4 years old, weighing between 10-20 kilograms and whose height is 100 cm or less.

iii) Instructions for the proper use of the device and its weight and stature capacities must also be prominently displayed on the device. Use of the device may be prohibited if in the opinion of Carrier personnel the infant exceeds the prescribed capacity limits.

iv) The device shall at all times be properly secured in a seat adjacent to an accompanying adult who is familiar with the proper method of releasing the infant from the device. The device may not be located at an emergency exit row or in any seat which would prevent access to an aisle or to emergency or safety equipment.

v) The device must be provided by the adult travelling with the infant. The Carrier assumes no responsibility for the provision of approved infant restraint devices described above.

vi) The charge for the seat in which the device is located shall be the applicable child's fare. Reservations for the adjacent seat are required and must be booked in the same class of service as the reservation for the accompanying adult.

SECTION V - MISCELLANEOUS**RULE 14. GROUND TRANSPORTATION**

Rates and charges published herein do not include ground transportation. The Carrier does not maintain, operate or provide ground transportation between airports and any other location. Any such services are performed by independent contractors who are not and shall not be deemed to be agents or employees of the Carrier. The Carrier shall not be liable for acts or omissions of such independent contractors, whether or not such ground transportation was arranged for by an employee, agent or representative of the Carrier. Ground transportation costs shall be payable by the scheduled user.

(N) RULE 14.1. INTERMODAL SERVICES

If the Carrier offers intermodal transport services (ex. bus, rail, etc.), it is only acting as an agent for such services including if such carriage is identified pursuant to the Carrier's airline designator code (code-sharing). a) Replacement ticket:

If a passenger wishes to commence or continue his journey, a new ticket must be purchased for the portion of the lost ticket for the intended journey. The replacement ticket will be issued for the lost portion of the journey at the fares and conditions applicable for that portion of the journey on the date of purchase of the replacement ticket.

b) Application for refund:

i) The refund will be an amount equal to the fare and charges paid for such new portion purchased, less any carrier compensation fee for changes, if applicable, and less the service charge specified in (iii).

ii) Application for refund of a lost ticket or portion must be made to the general offices of the Carrier for such refunds not later than one month after the expiration date of the lost ticket along with details of the purchase and proof of purchase of new ticket such as receipt of the transaction.

iii) A refund will be made not more than 90 days after receipt of the application and will be made only provided that the lost ticket or portion has not previously been honored for transportation or refunded to any person. Furthermore, the person to whom the refund is made must agree, on the application form prescribed by Carrier, to indemnify the Carrier for any loss or damage which it may sustain by reason of such refund.

c) Service charge:

The Carrier will impose a service charge of CDN \$ 50.00 per ticket for handling such requests for replacement or refund of a lost ticket or portion thereof.

RULE 17. DENIED BOARDING COMPENSATION

(C) Subject to Rule 21, when the Carrier is unable to provide previously confirmed space due to more passengers holding confirmed reservations and tickets on a flight than there are available seats on that flight, the Carrier will take the actions specified in the provisions of this rule in addition to those stipulated in Rule 6.3.

17.1 Request for volunteers

The Carrier will request passengers who are willing to do so, to voluntarily relinquish their confirmed reserved space in exchange for compensation in an amount to be determined by the Carrier. If a passenger is asked to volunteer, the Carrier will not later deny boarding to that passenger involuntarily unless that passenger was informed at the time he was asked to volunteer that there was a possibility of being denied boarding involuntarily and of the amount of compensation to which he would have been entitled in that event. The request for volunteers and the selection of such persons to be denied space shall be in a manner determined solely by the Carrier. In exchange for voluntarily relinquishing confirmed space, the Carrier may, at its option, offer to compensate that passenger with a credit valid for the purchase of future transportation on the Carrier in lieu of monetary compensation. The credit shall be of a value equal to or greater than the level of monetary compensation which would otherwise have been offered and shall be valid for travel only on the Carrier within eighteen months from the date of issue and shall be non-refundable, non-endorsable and non-transferable.

17.2 Boarding priorities

Passengers with the highest priority, as listed below, will be the last to be involuntarily denied boarding. Passengers within any of the following categories will be boarded in the order of their arrival at the ticket lift point:

- a) Passengers who are aged or physically disabled, regardless of fare paid, and unaccompanied children;
- b) Passengers under the age of 16 years who are traveling without a person 16 years or older and who are not traveling on a youth standby fare;
- c) Passengers traveling on a Club Class fare;
- d) TWOV/Deportee/Inadmissible passengers;
- e) Elderly passengers;
- f) Families traveling with children;
- g) Passengers with confirmed connecting flights.

17.3 Transportation for passengers denied boarding

The Carrier will provide transportation to persons who have been denied boarding, whether voluntarily or involuntarily, in accordance with the provisions below:

- (C)
- a) The Carrier will transport the passenger on its next available flight at no additional cost to the passenger;
 - b) If the Carrier is unable to provide onward transportation acceptable to the passenger, any other carrier or combination of carriers, at the request of the passenger, will transport the passenger without stopover on its (their) next flight(s) in the same class of service as the passenger's original outbound flight, or if space is available on a flight of a different class of service acceptable to the passenger, such flight(s) will be used without stopover at no additional cost to the passenger only if it will provide an earlier arrival at the passenger's destination, next stopover point, or transfer point.

17.4 Compensation for involuntary denied boarding

- (C) In addition to providing transportation as described in paragraph (b) above, the Carrier will compensate the delayed passenger for failure to provide confirmed space. Compensation will be made in accordance with the following provisions:

- a) Conditions for payment
 - i. A passenger holding a ticket for confirmed space must present him/herself for carriage at the appropriate time and place, having complied fully with the Carrier's requirements as to ticketing, check-in and reconfirmation of reservations and having met all requirements for acceptance of transportation published in the Carrier's tariffs.
 - ii. The flight for which the passenger holds confirmed space must be unable to accommodate the passenger and departs without him/her.
 - iii. The passenger who has been denied boarding will not be entitled to compensation in the event of the following:
 - substitution of equipment of a lesser capacity when required for operational or safety reasons;
 - government requisition of space;
 - the passenger is offered and refuses a seat in a section of the aircraft other than that specified on the ticket at no extra charge; if a passenger is seated in a section for which a lower fare applies, the passenger shall be entitled to an appropriate refund;
- b) Amount of compensation
 - i) The Carrier will tender liquidated damages in the following amounts: for flights of less than 5 hours duration – CAD 100.00; for flights of 5 hours length or more – CAD 200.00 (or equivalent in local currency) regardless of final destination or fare paid.

-
- ii) If the offer of compensation is accepted by the passenger, such payment shall constitute full compensation for all actual or anticipatory damages incurred or to be incurred by the passenger as a result of the Carrier's failure to provide the passenger with confirmed space.
 - iii) The Carrier may, at its option, offer to compensate the passenger with credit for free transportation on the Carrier in lieu of monetary compensation. The credit offered will be of a value equal to or higher than that of the monetary compensation due to the passenger and the Carrier will inform the passenger of the amount of cash compensation that would otherwise be due. The passenger may decline the credit and accept the cash. If accepted, the credit will be valid for travel only on the Carrier within one year from the date of issuance and shall be valid for free transportation on any route.
 - iv) The offer of compensation will be made by the Carrier at the time of failure to provide confirmed space, and, if accepted, will be receipted for by the passenger. Should the Carrier arrange alternate transportation that departs prior to the time the offer can be made to the passenger, the offer shall be made by mail or other means within 24 hours after the time the failure to provide confirmed space occurs.

17.5 Notice provided passengers

The Carrier shall furnish all passengers who are denied boarding involuntarily from flights on which they hold confirmed space a copy of the following written statement:

a) Compensation for denied boarding

If you have been denied a reserved seat on Air Transat you are probably entitled to monetary compensation. This notice explains the airline's obligations and the passenger's rights in the case of an oversold flight, in accordance with tariffs on file with the C.T.A.

b) Volunteers and boarding priorities

If a flight is oversold (more passengers hold confirmed reservations than there are spaces available), no one may be denied boarding against his will until airline personnel first ask for volunteers who will give up their reservations willingly, in exchange for payment of the airline's choosing. If there are not enough volunteers, other passengers may be denied boarding involuntarily, in accordance with the boarding priorities of the Carrier.

c) Compensation for involuntary denied boarding

If you are denied boarding involuntarily, you are entitled to payment of "Denied Boarding Compensation" from Air Transat unless (a) you have not fully complied with the airline's ticketing, check-in and reconfirmation requirements, or you are not acceptable for transportation under the airline's tariffs on file with the Canadian Transportation Agency (b) the flight has been cancelled (c) a government requisition of space has occurred or a smaller capacity aircraft was substituted for safety or operational reasons (d) a reduction of available seating

capacity has occurred for safety or operational reasons (e) you are offered accommodation in a section of the aircraft other than that specified in your ticket, at no extra charge (a passenger seated in a section for which a lower fare applies must be given an appropriate refund).

d) Amount of denied boarding compensation

Passengers who are eligible for denied boarding compensation must be offered either:

- i) For flights of less than 5 hours - \$100 CDN; 5 hours or more - \$200 CDN.
- ii) A travel credit on Air Transat equivalent to twice the monetary amount.

e) Method of payment

The Carrier will give each passenger who qualifies for compensation a payment by check for the amount specified above, at the time the involuntary denied boarding occurs. However, if the airline arranges alternate transportation which departs before the payment can be made, the payment will be sent to the passenger within 24 hours. The Carrier may offer travel credits in place of the cash payment. The passenger may, however, insist on the cash payments, or refuse all compensation and bring private legal action.

f) Passenger's options

Acceptance of the compensation (by endorsing the cheque within 30 days) relieves the Carrier from any further liability to the passenger caused by its failure to honour the confirmed reservation. However, the passenger may decline the payment and seek to recover damages in a court of law or in some other manner.

(C) RULE 18. USE OF OXYGEN ON-BOARD

The Carrier provides breathing oxygen on-board for chronic respiratory illness. The passenger requiring such breathing oxygen must submit a request to the Carrier to this effect not less than seven (7) days prior to scheduled departure. As part of this process, the passenger must have a physician complete the required form provided by the Carrier. A fee of \$100.00 CDN per oxygen kit will be charged (up to a maximum of \$300CDN) for oxygen service from point of departure to point of destination, stop-over or interline transfer, whichever occurs first. The passenger may use the following types of personal oxygen concentrators on board: AirSep Focus, AirSep Freestyle, AirSep Free Style 5, AirSep Lifestyle, Delphi RS-00400, DeVilbiss Helathcare's iGo, Inogen One, Inogen's Ingen One G2, Inogen One G3, Inova Labs LifeChoice, Inova Labs LifeChoice Activox, International Biophysics LifeChoice, Invacare XP02, Invacare Solo2, Oxlife's Independence Oxygen Concentrator, Oxus RS-00400, Precision Medical EasyPulse, Respiroics EverGo, Respiroics SimplyGo, SeQual Eclipse, SeQual SAROS. These concentrators use lithium batteries, which are accepted for carriage in the cabin only (no more than two spares per passenger). Passengers using such equipment may not be seated in bulkhead or emergency exit rows, as the device must be stowed under the seat in front whenever the fasten seat belt sign is illuminated. Such concentrators must conform with Transport Canada's Carriage of Dangerous Goods Regulations, as well as with carry-on baggage size regulations as per Rule 7. Moreover, the use of personal oxygen concentrators by the passenger is permitted on board subject to 48 hour advance notice in this respect being provided to the Carrier. Such notice must include a declaration by a physician (including basic contact details) that the passenger may fly without risk to himself/herself or to others on board.

RULE 21 – ADDITIONAL PASSENGER SERVICE COMMITMENTS

1. Given that passengers have a right to information on flight times and schedule changes, the Carrier will make reasonable efforts to inform passengers of delays and schedule changes and to the extent possible, the reason for the delay or change.
2. (C)(i) **Given that passengers have a right to take the flight they paid for, if the passenger's journey is impacted by a Schedule Irregularity, the Carrier will take into account all the circumstances of the case as known to it and will provide the passenger with the option of accepting one or more of the following remedial choices:**
 - a) transportation to the passenger's intended destination within a reasonable time at no additional cost ;
 - b) return transportation to the passenger's point of origin within a reasonable time at no additional cost;
 - c) where no reasonable transportation option is available and upon surrendering of the unused portion of the ticket, **a cash amount** or travel credit **(at the passenger's discretion)** in an amount equal to the fare and charges paid will be refunded or provided as a credit where no portion of the ticket has been used. Where a portion of the ticket has been used, an amount equal to the lowest comparable one-way fare for the class of service paid for shall be refunded or provided as a credit in the event of a one-way booking/itinerary, and for round-trip, circle trip or open jaw bookings/itineraries, an amount equal to fifty percent of the round-trip fare and charges for the class of service paid for, for the unused flight segment(s), shall be refunded or provided as a credit.
- (ii) When determining the transportation service to be offered, the Carrier will consider:
 - (a) available transportation services, including services offered by interline, code sharing and other affiliated partners and, if necessary, other non-affiliated carriers;
 - (b) the circumstances of the passenger, as known to it, including any factors which impact upon the importance of timely arrival at destination.
- (C)(iii) Having taken all the known circumstances into consideration, the Carrier will take all measures that can reasonably be required to avoid or mitigate the damages caused by a Schedule Irregularity. Where a passenger who accepts option (a) or option (b) or option (c) nevertheless incurs expense as a result of advancement Schedule Irregularity, the Carrier will in addition offer a cash payment or travel credit, the choice of which will be at the passenger's discretion.
- (C)(iv) When determining the amount of the offered cash payment or travel credit, the Carrier will consider all circumstances of the case, including any expenses which the passenger, acting reasonably, may have incurred as a result of the Schedule Irregularity, as for example, costs incurred for accommodation, meals or additional transportation. The Carrier will set the amount of compensation offered with a view to reimbursing the passenger for all such reasonable expenses.

-
- (v) The rights of a passenger against the Carrier in the event of a Schedule Irregularity are, in most cases of international carriage, governed by an international convention known as the Montreal Convention, 1999. Article 19 of that Convention provides that an air carrier is liable for damage caused by delay in the carriage of passengers and goods unless it proves that it did everything it could be reasonably expected to do to avoid the damage. There are some exceptional cases of international carriage in which the rights of the passengers are not governed by an international convention. In such cases only, a court of competent jurisdiction can determine which system of laws must be consulted to determine what those rights are.
3. (C) Given that passengers have a right to punctuality, the Carrier will do the following:
- a) If a flight is delayed/advanced and the difference between the scheduled departure of the flight and the actual departure of the flight exceeds 4 hours, the Carrier will provide the passenger with a meal voucher;
 - b) If a flight is delayed/advanced by more than 8 hours and the delay/advancement involves an overnight stay, the Carrier will pay for an overnight hotel stay and airport transfers for passengers who did not start their travel at that airport;
 - c) (C) If the delay occurs while onboard, the Carrier will offer drinks and snacks as available, where it is safe, practical and timely to do so. The Carrier shall ensure the lavatories remain stocked and in working order, and that there is access to medical assistance if required. The aircraft commander will ensure that passengers are aware and kept informed of the status of the delay at least every 30 minutes. If the delay exceeds 90 minutes while at the gate, or 4 hours in the event of a Tarmac delay, the Carrier must allow the passengers to deplane unless:
 - (N) i. the Carrier determines there is a safety-related, or security-related reason (e.g. weather, directive from a government agency or authority) why the aircraft cannot leave its position on the tarmac to deplane passengers; or,
 - (N) ii. air traffic control advises the aircraft commander that returning to the gate, or another disembarkation point elsewhere in order to deplane the passengers would disrupt airport operations.
 - d) (N) In the event of an impossibility to deplane, the Carrier shall continue to respect its undertakings outlined in sub-section c) above for as long as the delay lasts. In the event of deplaning, the Carrier shall respect its undertakings outlined under the current Rule 21 including, but not limited to, undertakings related to rebooking and refunds.
4. Given that passengers have a right to retrieve their luggage quickly, if the luggage does not arrive on the same flight as the passenger, the Carrier will take steps to deliver the luggage to the passenger's residence/hotel as soon as possible. The Carrier will take steps to inform the passenger on the status of the luggage and will provide the passenger with an overnight kit as required. Compensation will be provided as per the provisions of this tariff.
5. (C) Given that nothing in this tariff would make the Carrier responsible for acts of Force Majeure per Rule 5.3 or for the acts of third parties that are not deemed servants and/or agents of the Carrier per applicable law or international conventions, the Carrier shall not be held responsible for any event of Force Majeure or for the actions of such third parties including governments, air traffic control service providers, airport authorities, security and law enforcement agencies, or border control management authorities.
6. In the event of a conflict between the provisions of this Rule and those of any other rule in this tariff, the provisions of this Rule shall prevail except with respect to Rule 5.3.
